Subject: Coronavirus Shipping Interruptions

Dear USP Authorized Distributions

As concerns grow over the coronavirus USP strongly suggest you contact your customers and place any critical orders as soon as possible. We're making this request over concerns that some additional transportation routes may be closed or become highly restricted. At USP's we are committed to do everything we can to expedite order now, in advance of additional transportation lanes being affected.

Please let me know if we can be of further assistance and if you need any special help regarding this request.

Sincerely, Paul

A handwritten signature in black ink, appearing to read 'Paul J. Cowan', with a long horizontal flourish extending to the right.
